Bandung

Information Technology graduate specializing in full-stack development with hands-on experience in React, Node.js, TypeScript, and Tailwind CSS. Published first-authored research paper in a Scopus-indexed international conference, demonstrating strong technical depth and research capability. Proven ability to deliver real-world solutions through internship experiences at West Java Provincial Government and PT PLN (Persero). A driven and analytical problem-solver with a strong commitment to continuous learning and innovation in emerging technologies.

Education Level

Telkom University - Bandung <i>Bachelor of of Undergraduate Information Technology, 3.58/4.00</i> First authored and presented a research paper at (ICICyTA 2025), a Scopus-indexed international conference.	Sep 2022 - May 2026
State Senior High School of Situraja - Sumedang <i>High School Diploma in in Situraja State High School, Graduated from Natural Sciences, 89.80/100.00</i>	Jun 2019 - May 2022

Work Experiences

ICICyTA 2025 Scientific Publication - Bandung <i>First Author and Presenter</i> - First Author and Presenter titled of the paper “ADASYN-XGBoost for Handling an Imbalanced Fish Recommendation Dataset in Fish Pond IoT”. - Applied a hybrid ADASYN–XGBoost model to handle class imbalance and improve fish species recommendation accuracy using IoT-based water quality data. - Focused on evaluating oversampling techniques and ensemble classifiers to optimize prediction performance for smart aquaculture decision support in fish pond environments.	Jun 2025 - Dec 2025
Regional Secretariat of West Java Province - Bandung <i>Frontend Developer Internship at Division Biro Umum</i> - Developed responsive web interfaces using React.js and Tailwind CSS for an inventory and reporting system. - Built reusable UI components and optimized layouts to ensure a consistent experience across devices. - Integrated RESTful APIs and collaborated with cross-functional teams to deliver reliable and scalable features.	Jul 2025 - Sep 2025
PT PLN (Persero) UP2D West Java - Bandung <i>Network Administrator Internship</i> - Ensured high network availability by maintaining and optimizing network infrastructure. - Proactively monitored network performance and resolved issues to improve reliability and minimize downtime. - Configured and managed network devices while maintaining accurate documentation for secure operations.	Apr 2025 - Jul 2025
Microsoft - Bandung <i>Student Representative</i> - Represented Microsoft in campus educational initiatives by introducing Microsoft technologies to students and increasing digital literacy through workshops and training programs. - Built a strong understanding of the Microsoft ecosystem (Microsoft 365, Power BI, Azure) and developed interactive dashboards using Power BI to deliver data-driven insights. - Explored Microsoft Azure services including cloud computing, databases, AI/ML, and IoT to support digital innovation and strengthen cloud-based solution development skills.	Nov 2023 - Dec 2023

Organizational Experience

Information Technology Student Orientation Program. - Bandung <i>Head of the Usher Division</i> - Led a team of 9 ushers during an orientation program for 200+ students, ensuring smooth and organized event operations. - Organized briefing and simulation sessions to strengthen team readiness and service quality. - Coordinated with multiple committees to ensure seamless event execution and attendee experience.	Jul 2024 - Sep 2024
Information Technology Student Orientation Program. - Bandung <i>Staff of the Usher Division</i> Contributed to the successful delivery of an orientation program for 200+ students through effective coordination and participant	Jul 2023 - Sep 2023

management.

- Provided guidance and support to students and guests, ensuring an organized and positive onboarding experience.
- Collaborated with cross-functional committees to maintain safety, manage event logistics, and ensure smooth operations.

Campus Introduction Roadshow - Telkom University - Sumedang

Jan 2023 - Feb 2023

Roadshow Volunteer

- Conducted 5+ high school roadshows to promote Telkom University and engage prospective students.
- Delivered presentations on academic programs, campus facilities, and student life to support informed university decisions.
- Guided prospective students on academic pathways and career opportunities, increasing awareness of higher education options.

Skills & Project

- **Language:** Indonesian (Native), English (Intermediate)
- **Soft Skills:** Problem Solving, Teamwork & Collaboration, Communication Skills, Leadership, Time Management, Adaptability, Critical Thinking, Analytical Thinking
- **Programming Languages:** JavaScript, Python, Dart
- **Frontend Technologies:** HTML, CSS, React.js, Next.js, Tailwind CSS, TypeScript
- **Backend Technologies:** Node.js, Laravel, PHP
- **Database:** MySQL, PostgreSQL, Supabase, MongoDB, Firebase
- **Tools:** Git, GitHub, VS Code, Figma, Canva, Microsoft 365 Office
- **Projects (2026):** Bunda Car Wash – Designed and developed a business landing page using React and Tailwind CSS to strengthen digital presence and improve customer engagement.
- **Projects (2025):** Reelique - Developed a movie discovery platform using Next.js, TypeScript, and TMDB API, enabling users to explore trending content through a modern and responsive interface.
- **Projects (2025):** Fish Recommendation Model (ML) – Developed a hybrid ADASYN-XGBoost model for imbalanced aquaculture datasets, improving fish recommendation accuracy using water quality data.
- **Projects (2025):** Sanditel Inventory – Developed a responsive inventory management dashboard using React and Tailwind CSS to improve asset tracking and operational reporting.
